- TYPE OF SURVEY PERFORMED**
- () This survey creates a subdivision of land within the area of a county or municipality that has an ordinance that regulates parcels of land.
 - () This survey is located in a portion of a county or municipality that is unregulated as to an ordinance that regulates parcels of land.
 - (X) This survey is of an existing parcel(s) of land and does not create a new street or change an existing street.
 - () This survey is of an existing building or other structure, or natural feature, such as a watercourse.
 - () This survey is a control survey.
 - () This survey is of another category, such as the recombination of existing parcels, a court-ordered survey, or other exception to the definition of subdivision.
 - () The information available to the surveyor is such that the surveyor is unable to make a determination to the best of the surveyor's professional ability as to which type of survey listed above best describes the type of survey performed.

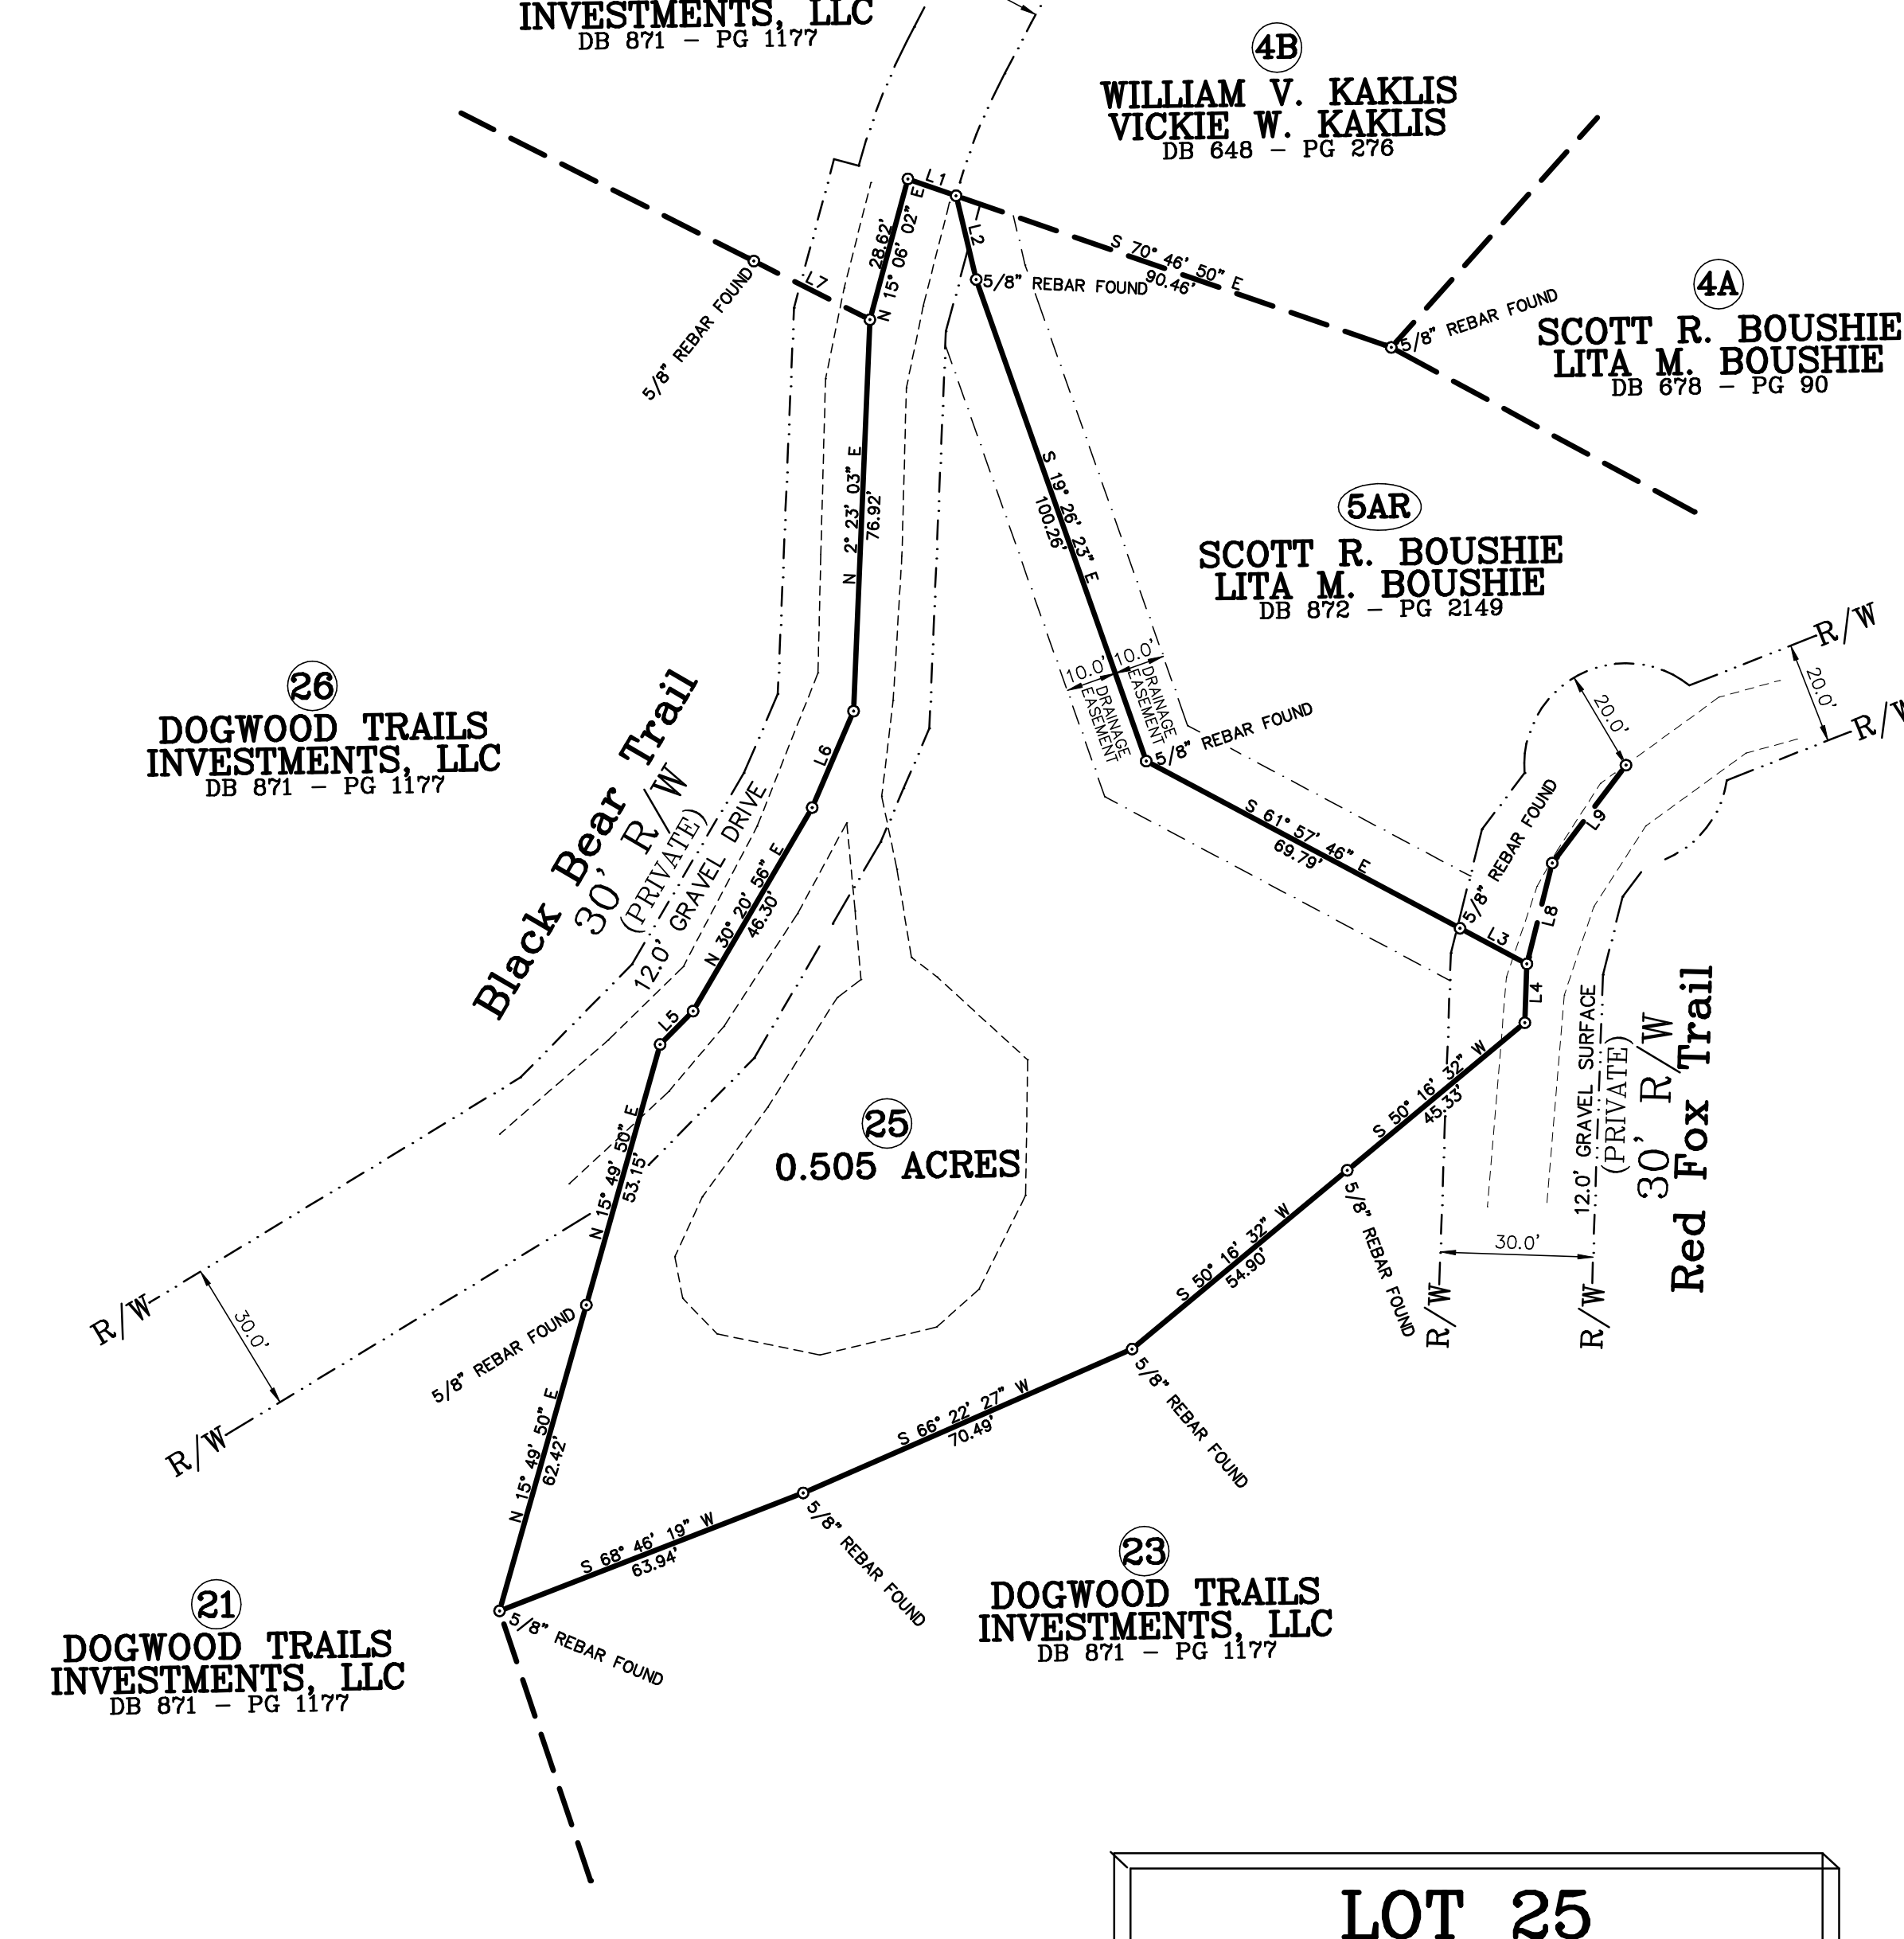

I, J. RANDY HERRON certify that this plat was drawn under my supervision from an actual survey made under my supervision; that the boundaries not surveyed are clearly indicated as drawn from information found in referenced documents; that the ratio of precision as calculated is 1: 15,000+, that this plat was prepared in accordance with G.S. 47-30 as amended. Witness my hand and seal this 14th day of September, 2016.
